BREAKING: Supreme Court issues order that will phase out #2020Census count. This is a disappointing outcome in our fight for a fair and accurate census. It's also a reminder that courts matter.

SUPREME COURT OF THE UNITED STATES

No. 20A___

WILBUR ROSS, SECRETARY OF COMMERCE, ET AL. v.
NATIONAL URBAN LEAGUE, ET AL.

ON APPLICATION FOR STAY

(October 13, 2020)

The application for stay presented to JUSTICE KAGAN and by her referred to the Court is granted. The district court's September 24, 2020 order granting a preliminary injunction is stayed pending disposition of the appeal in the United States Court of Appeals for the Ninth Circuit and disposition of the petition for a writ of certiorari, if such writ is timely sought. Should the petition for a writ of certiorari be denied, this stay shall terminate automatically. In the event the petition for a writ of certiorari is granted, the stay shall terminate upon the sending down of the judgment of this Court.

JUSTICE SOTOMAYOR, dissenting from grant of stay.

Today, the Court stays a preliminary injunction requiring the Census Bureau to follow the data collection plan the agency now describes as necessary to avoid "making significant impacts on data quality." Electronic Case Filing in No. 5:20–cv–5799 (Dkt. 188–7 (ND Cal., Sept. 28, 2020), p. 131 (ECF). The injunction required the Bureau to continue its data collection efforts until October 31, 2020, a deadline the Bureau itself selected in response to the significant operational disruptions caused by the COVID–19 pandemic. The Government now claims that this Court's immediate intervention is necessary because, absent a stay, the Bureau will not be able to meet the December 31 statutory deadline for reporting census results to the President. Today Judge Coney Barrett would not say whether voter intimidation is illegal.

Just to be clear: voter intimidation IS illegal. It's explicitly outlawed (in 18 USC 594 to be exact).

Manipulating the census is yet another pillar of Trump's effort to maintain power at all costs.

An undercount of BIPOC and an overcount of white Americans will lead to a decade of skewed political representation, diverting federal funding away from communities that need it most.

No Supreme Court nominee has EVER been confirmed while voters were actively casting ballots in a general election. Amy Coney Barrett's nomination could not be more politicized. Reupping my op-ed with Judge Shira Scheindlin that lays out the history.

Though Senator Blumenthal's motion to indefinitely postpone the nomination did not pass, this is important particularly given that new material continues to surface regarding Amy Coney Barrett's record.

V. CONCLUSION

In evaluating nominees for the Supreme Court, the Lawyers' Committee for Civil Rights Under Law requires a demonstrated respect for the importance of protecting civil rights as evidenced by judicial opinions as well as the nominee's statements, scholarly articles, speeches, or other sources of information.

Every judicial nominee needs to fully acknowledge this, including Judge Barrett.

You should insist on a provisional ballot, at bare minimum. While your vote is not counted on the machine, it preserves your vote and gives officials and the voter time to figure out the issue.

The legal team for Anonymous Grand Juror #1 in connection with the Court's ruling in this matter releases the following statement on behalf of Anonymous Grand Juror #1:

Statement of Anonymous Grand Juror #1

Being one of the jurors on the Breonna Taylor case was a learning experience. The three weeks of service leading up to that presentation showed how the grand jury normally operates. The Breonna Taylor case was quite different. After hearing the Attorney General Daniel Cameron's press conference, and with my duty as a grand juror being over, my duty as a citizen compelled action. The grand jury was not presented any charges other than the three Wanton Endangerment charges against Detective Hankison. The grand jury did not have homicide offenses explained to them. The grand jury never heard anything about those laws. Self defense or justification was never explained either. Questions were asked about additional charges and the grand jury was told there would be none because the prosecutors didn't feel they could make them stick. The grand jury didn't agree that certain actions were justified, nor did it decide the indictment should be the only charges in the Breonna Taylor case. The grand jury was not given the opportunity to deliberate on those charges and deliberated only on what was presented to them. I cannot speak for other jurors but I can help the truth be told.

Anonymous Grand Juror #1

Note -- our USPS workforce is about 20% African American and in cities like Chicago they make up 75-80% of workers.

After Trump's bombastic tweets claiming that he'd find a way around the SCOTUS decision, this victory feels good. This is a win for democracy and for people of color across the US who were targeted.

Reminder: The Trump administration is NOT above the law.

Alabama is the birthplace of the Voting Rights Act and the place where John Lewis shed blood in the fight for voting rights. #Covid has had a disproportionate impact on Black people (40% of all deaths).

This action by the Court was unnecessary meddling at the 11th hour.

What has happened to law and order, as the neighborhood cops we all trusted to safeguard our homes and families, the cops who had the power under the law to help us in times of danger, keep us safe from those who would prey on innocent lives to fulfill some disturbed inner need? What has happened to the respect for authority, the fear of retribution by the courts, society and the police for those who break the law, who wantonly trespass on the rights of others? What has happened to the complete breakdown of life as we know it?

Many New York families — White, Black, Hispanic and Asian — have had to give up the pleasure of a leisurely stroll in the Park at dusk, the Saturday visit to the playground with their families, the bike ride at dawn, or just sitting on their

I want them to understand our anger. I want them to be afraid.

How can our great society tolerate the continued brutalization of its citizens by crazed misfits? Criminals must be told that their CIVIL LIBERTIES END WHEN AN ATTACK ON OUR SAFETY BEGINS!

When I was young, I ran in a street with my

> EL PASO, Texas (AP) — A 2-year-old boy locked in detention wants to be held all the time. A few girls, ages 10 to 15, say they've been doing their best to feed and soothe the clingy toddler who was handed to them by a guard days ago. Lawyers warn that kids are taking care of kids, and there's inadequate food, water and sanitation for the 250 infants, children and teens at the Border Patrol station.

There is a reason why we see longer early voting lines in communities of color.

In Queens, NY -- 1 location for every 72K voters.
In Staten Island -- 1 location for every 32K voters

State law says there should be 1 early voting site per every 50K voters.

Texas state officials expend more time, taxpayer money and energy suppressing voting rights than on things like fighting the pandemic.

Texas's continued attempt to fight drop boxes a week before the end of the election shows callous disregard of the public.

And the judges of the Texas Supreme Court are *elected*. Four of them are running in this election. The Texas Supreme Court is interfering in the election *on its own behalf*. The corruption is real.

There is nothing normal about this. The Repub Party seeks impossible briefing deadlines, says skip oral argument and wants Court to decide case on the briefs.

This case arises under *state* law and was resolved by the state's highest court.

Their motives could not be clearer.

The court has recently deferred to states for election issues. The PA Courts recently allowed the ruling for an extension for mail-in ballots to be received up to Nov 6th. Republicans are asking the court to strike down the ruling, against their recent precedent.

Time to get cops out of schools.

Today, 67% of high school students, 45% of middle school students & 19% of elementary school students attend a school with a law enforcement officer. Black students suffer 31% of ALL school-related arrests but make up 15% of population.

Brett Kavanaugh's stunning opinion last night should be a huge story today. It cast aspersions on mail ballots. It's riddled with errors. It endorses a theory too radical for the Bush v. Gore majority. It's a preemptive attack on our election's integrity.

Plaintiffs filed this action on October 2, 2020, alleging that the State of South Carolina's lack of a procedure for providing notice and an opportunity to cure for absentee ballot errors whose ballots are not counted because of, inter alia, failure to include a voter's date of birth or witness signature on their returned absentee ballot envelope violates voters' rights to due process and equal protection. BREAKING: Supreme Court REJECTS Pennsylvania operatives desperate, second attempt to block the extended deadline for receipt of absentee ballots.

Most significantly, Justice Barrett took *no* part in the decision.

This is an important win for voters in PA and for democracy!

SUPREME COURT OF THE UNITED STATES

REPUBLICAN PARTY OF PENNSYLVANIA v.
KATHY BOOCKVAR, SECRETARY OF
PENNSYLVANIA, ET AL.

ON MOTION TO EXPEDITE CONSIDERATION OF
THE PETITION FOR WRIT OF CERTIORARI

No. 20A542. Decided October 28, 2020

The motion to expedite consideration of the petition for a writ of certiorari is denied. JUSTICE BARRETT took no part in the consideration or decision of this motion.

Additional opinions may follow.

Statement of JUSTICE ALITO, with whom JUSTICE THOMAS and JUSTICE GORSUCH join.

The Court's handling of the important constitutional issue raised by this matter has needlessly created multiple risks that could lead to serious post-election problems. The Supreme Court of Pennsylvania has issued a decree that squarely alters an important statutory provision enacted by the Pennsylvania Legislature pursuant to its authority under the Constitution of the United States to make rules governing the conduct of elections for federal office. See Art. I, §4, cl. 1; Art. II, §1, cl. 2; *Bush v. Palm Beach County Canvassing Bd.*, 531 U. S. 70, 76 (2000) (*per curiam*). In a law called Act 77, the legislature permitted all voters to cast their ballots by mail but unambiguously required that all mailed ballots be received by 8 p.m. on election day. 2019 Pa. Legislative Service Act 2019–77; see 25 Pa. Stat. Ann., Tit. 25, §§3146.6(a), 3150.16(a) (Purdon 2020). It also specified that if this provision was declared invalid, much of the rest of Act 77, including its liberalization of mail-in voting, would be void. Act 77, §11. The legislature subsequently made it clear that, in its judgment, the COVID–19 pandemic did not call for any change in the election-day deadline. In a law

📍We won! No voter in South Carolina will have their absentee ballot rejected based on so-called 'signature mismatch.

Election officials are not trained in signature matching methodology and this just another way often used to disenfranchise eligible voters.

This is correct. Many people think an absence of intent means there is no racism. But it isn't intent that creates the injury, it is the effect. If someone steps on your foot, even by accident, you don't expect them to say, "Hey, I didn't *mean* to step on your foot."

Washington, D. C. 20530

MEMORANDUM FOR HEADS OF CIVIL LITIGATING COMPONENTS
UNITED STATES ATTORNEYS

FROM THE ATTORNEY GENERAL 11/7/18

SUBJECT Principles and Procedures for Civil Consent Decrees and Settlement Agreements with State and Local Governmental Entities

I. INTRODUCTION

In enforcing federal law, the Department of Justice ("Department") sometimes brings lawsuits against state and local governmental entities. State governments are sovereigns with special and protected roles under our constitutional order. Accordingly, the Department must ensure that its practices in such cases are in the interests of justice, fair to parties, and consistent with the impartial rule of law and fundamental constitutional principles, including federalism and democratic control and accountability.

This memorandum's purpose is to provide direction to all civil litigating components and United States Attorneys' Offices ("USAOs") concerning several important issues arising when a civil action against a state or local governmental entity is resolved by consent decree or settlement agreement. In particular, it requires that the Department provide state and local governmental entities an adequate opportunity to respond to any allegations of legal violations, requires special caution before using a consent decree to resolve disputes with state or local governmental entities, provides guidance on the limited circumstances in which such a consent decree may be appropriate, limits the terms for consent decrees and settlement agreements with state and local governmental entities, including terms requiring the use of monitors, and amends the process for the approval of these mechanisms in cases in which they are permissible.

White communities disproportionately received more federal buyouts after a major disaster than communities of color.

Most buyouts in FEMA's database happened in neighborhoods that were more than 85% white, even though disasters affect ALL communities.

30 yrs ago, Trump ran this ad in NY papers

Trump wrote: "I want to hate these muggers and murderers. They should be forced to suffer and when they kill, they should be executed.."

The #CentralParkFive, all young Black boys, were wrongfully convicted & released several yrs later

THE DEATH PENALTY.

BRING BACK OUR POLICE!

What has happened to our City over the past ten years? What has happened to law and order, to the neighborhood cop we all trusted to safeguard our homes and families, the cop who had the power under the law to help us in times of danger, keep us safe from those who would prey on innocent lives to fulfill some distorted inner need. What has happened to the respect for authority, the fear of retribution by the courts, society and the police for those who break the law, who wantonly trespass on the rights of others? What has happened to the complete breakdown of life as we knew it.

Many New York families — White, Black, Hispanic and Asian — have had to give up the pleasure of a leisurely stroll in the Park at dusk, the Saturday visit to the playground with their families, the bike ride at dawn, to just unplug on their stoops — given them up as hostages to a world ruled by the law of the streets. As roving bands of wild criminals roam our neighborhoods, dispensing their own vicious brand of twisted justice on whomever they encounter. At what point did we cross the line from the fine and noble pursuit of genuine civil liberties to the reckless and dangerously permissive atmosphere which allows criminals of every age to beat and rape & helpless women and then laugh at the family's anguish? And why do they laugh? They laugh because they know that soon, very soon, they will be returned to the streets to rape and rape and kill once again — and they should be executed for their crimes. They must serve as examples so that others will think long and hard before committing a crime or an act of violence. Yes, Mayor Koch, I want to have these murderers and I always will. I am not looking to psychoanalyze or understand them, I am looking to punish them. If the punishment is strong, the attacks on innocent people will stop. I recently watched a newscast trying to explain the "anger in these young men". I no longer want to understand their anger. I want them to understand our anger. I want them to be afraid.

How can our great society tolerate the continued brutalization of its citizens by crazed misfits? Criminals must be told that their CIVIL LIBERTIES END WHEN AN ATTACK ON OUR SAFETY BEGINS!

When I was young, I sat in a dance with my father and witnessed two young hoodlums cursing and threatening a very frightened matron. Two cops rushed in, lifted up the thugs and threw them out the door, warning them never to come outside again. I miss the feeling of security New York's finest once gave to the citizens of this City.

Let our politicians give back our police department's power to keep us safe. Unshackle them from the constant chant of "police brutality" which every petty criminal hurls immediately at an officer who has just risked his or her life to save another's. We must cease our continuous pandering to the criminal populace of this City. Give New York back to the

CIVIL ACTION NO. SA-19-CA-074-FB

Before the Court are a number of preliminary issues related to protecting the integrity of the electoral process and ensuring the Equal Protection of the laws for all Texans. There is testimony touting the patriotic, civic duty and the Court finds non-Americans citizens are ineligible to vote.

The evidence has shown in a hearing before the Court that there is no widespread voter fraud. The challenge is here to purge the [illegible] names out of the list stock of 15 million Texas voters. The Secretary of State through his dedicated employees, beginning in February 2018, made a good faith effort to instruct in [illegible] process of finding ineligible voters through the jury selection system to reach county to a protective process listing lists of the residents of Department of Public Safety driver license records matched with voter registration records. Notwithstanding good intentions, the road to a solution was incorrectly paved with flawed results, meaning perfectly legal naturalized Americans were burdened with what the Court finds to be blunt-headed and threatening correspondence from the state which did not provide for enforcement but rather clearly implies the power of government to strike

U.S. #coronavirus cases set new global daily record.

But actual number of cases could be as much as 10X higher (per CDC) given testing limitations and cases that have gone unreported/unrecognized.

There is NO national strategy to address the #pandemic.

Be wary of voter intimidation! If you are harassed by a guy who looks like he just kidnapped someone, answer NONE of his questions and report it to the Election Protection Hotline at 1-866-OUR-VOTE or 1-888-VE-Y-VOTA. Trained lawyers are standing by to help you. #ScreamHere2020

Curbside ballots make up about 10% of all ballots cast during early voting in Harris County, Texas -- one of the largest counties in the country. This is a brazen attempt to disenfranchise voters.

I've said it before and will say it again, Texas is literally one of the WORST places in the country to vote during the #Covid_19 pandemic. Officials have restricted access to vote by mail, limited drop boxes to 1 per county and encouraged #VoterSuppression efforts at every turn.

DOJ claims they will be "focus[ing] on compliance with the Voting Rights Act" -- something which they haven't done in the last 4 years.

Given DOJ's track record under Barr, these officials should NOT be granted voluntary access inside polling sites.

BREAKING: Another victory for voters in Harris County, Texas tonight!

Operatives continue their baseless attempts to disqualify over 125K ballots cast at drive-thru voting locations in Harris but just got shot down in the 5th Circuit.

It's time to stop the #VoterSuppression.

Chris Geidner @chrisgeidner

Civil Action No. 2:20-3433-BHH

ORDER

This matter comes before the Court on Plaintiffs' motion for a preliminary injunction (Dkt. No. 21). Plaintiffs filed memoranda in support of their motion (Dkt. Nos. 21-1; 46-1). Defendants filed memoranda in opposition. (Dkt. Nos. 40; 48). The Court also received amicus curiae briefs in support of and in opposition to the motion. (Dkt. Nos. 43; 45). The Court conducted oral argument on the motion on October 21, 2020.

I. Factual Background

Plaintiffs filed this action on October 2, 2020, alleging that the State of South Carolina's lack of a procedure for providing notice and an opportunity to cure for absentee ballot voters whose ballots are rejected because of allegedly invalid or mismatched signatures or other deficiencies in their submitted absentee ballot envelopes violates voters' rights to due process and equal protection. BREAKING: We have received reports from multiple counties in GA from voters who have been incorrectly told that they must have their absentee ballots with them in order to cancel them and vote in person. You have the right to cast your ballot. Questions? Call 866-OUR-VOTE #gapol

November 3, 2020

To Georgia voters:

Today, Election Day, voters like you across the state are making their voices heard. As you head to the polls, make sure you are prepared, have your plan to vote, verify your assigned Election Day polling location which can be found on the Secretary of State's website, and know your rights as a Georgia voter.

We have received reports from multiple counties in Georgia from voters who have been incorrectly told that they must have their absentee ballots with them in order to cancel them and vote in person, or voters who have been incorrectly told that they have already voted.

Let's be clear: if you have requested a mail ballot, did not return it, and now would like to vote in person, you must be allowed to do so. This is also true if you have not received a mail ballot that you requested. You do not have to bring your ballot with you when you vote (though if you have it, we encourage you to bring it). If you are told otherwise, **do not leave until you are able to vote, and demand that you be allowed to cast your ballot.**

If you arrive at your polling place and are incorrectly told that you have already voted, do not leave until you are able to vote.

Voters have rights, and you as a Georgia voter have the right to cast your ballot. If you have questions or need support, call 866-OUR-VOTE (866-687-8683).

This is why we opposed this DOJ sending personnel to jurisdictions on Election Day. Now AG Barr is saying that it's ok to deploy armed agents during vote counting. Barr continues to take action and make statements that shows his clear political agenda.

BREAKING: We're calling for @Jack & @Twitter to SUSPEND the account of the President given multiple violations of Twitter's Civic Integrity Policy that espouse disinformation regarding our elections. The flags placed on these posts do not go far enough. @LawyersComm @CommonCause

Cause

CIVIL RIGHTS

November 5th, 2020

Mr. Jack Dorsey
Chief Executive Officer
Twitter
1355 Market Street, Suite 900
San Francisco, CA 94103

Dear Mr. Dorsey,

We represent national, non-partisan organizations that work to ensure all voters have an equal opportunity to participate in the political process.

Throughout the 2020 U.S. election, we have closely tracked the use of Twitter's service to spread mis- and disinformation to millions of voters – potentially frustrating their ability to cast their ballots and undermining public trust in the integrity of our elections. We greatly appreciate Twitter's partnership in both removing and flagging content that could potentially harm voters, counteracting it with reliable information from official sources, and in publicly applying its Civic Integrity Policy. However, in certain instances, these remedial steps do not go far enough.

We are writing to request that, in response to President Donald Trump's repeated violations of Twitter's Civic Integrity Policy, that you suspend his account – an action that Twitter has taken in the past against other verified users who have also repeatedly violated your policies, including Kelly Hopkins, Darrell Ernest Dyke, former member of the Louisiana House of Representatives, Rose McGowan, among others. We are not aware of any precedents for current elected officials who, by virtue of their position, pose an even greater threat to the public when allowed to repeatedly violate your policies with impunity. President Trump's repeated use of Twitter's service to amplify false claims regarding our elections stand in deliberate violation of the platform's Civic Integrity Policy. We urge that @realDonaldTrump be temporarily suspended from the platform.

Twitter's Civic Integrity Policy forbids "misleading claims about the results or outcome of a civic process which calls for or could lead to interference with the implementation of the results of the process," as well as "[a]ctions [that] artificially amplify or suppress information or engage in behavior that manipulates or disrupts people's experience on Twitter, including but not limited to ... coordinated activity that attempts to artificially influence trends or the conversation, [and] coordinated inauthentic activity."

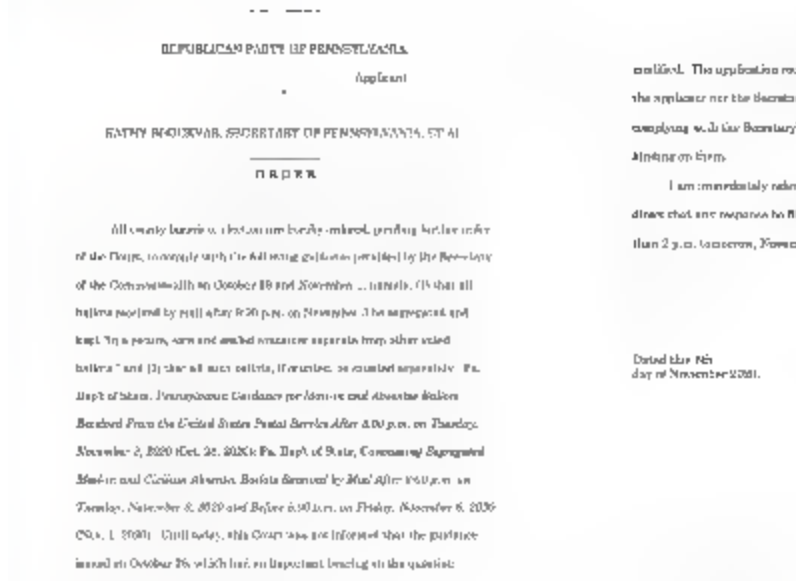
NEW- Justice Alito issues order reiterating exactly what officials are already doing - separating Pennsylvania ballots rec'd after Election Day. Those ballots can still be counted.

Nothing new here but clear that Alito wants the public to see his desire to meddle in the election



REPUBLICAN PARTY OF PENNSYLVANIA,

Applicant

v.

KATHY BOOCKVAR, SECRETARY OF PENNSYLVANIA, ET AL

ORDER

All county boards of elections must segregate any ballots received after 8:00 p.m. on November 3, 2020 from all other ballots. Ballots received after that time may not be commingled with any other ballots and must be kept in a secure, safe and sealed container until the Supreme Court of Pennsylvania rules on the pending emergency application in this case.

Dated this 6th day of November 2020.

This is not "complaining." This is called OWNING THE NARRATIVE AND TELLING THE TRUTH.

And it will matter for funding the orgs who get it done, taking those two GA senate seats, getting progressive agendas passed, and building long term political power for marginalized people.

A 66% voter participation rate is extraordinary.

But our real challenge is figuring out how we bring even more into the process. We must resist state lawmakers who will, no doubt, try to restrict access to vote by mail & further promote #VoterSuppression in the road ahead.

AG Barr,

I understand that you are itching to find evidence of voting irregularities and fraud.

Meet Richard Hopkins who LIED about mail-in ballots being backdated. He used a GoFund Me page to raise 136,000 following promotion of these lies. He has recanted.

What say you?

That's right. All they have to do is offer money for evidence of voter fraud and *poof* some desperate soul will think it's worthwhile to tell a dubious tale of woe. Then it will take weeks in the press and in the courts to untangle.

The Fox viewership will never be satisfied.

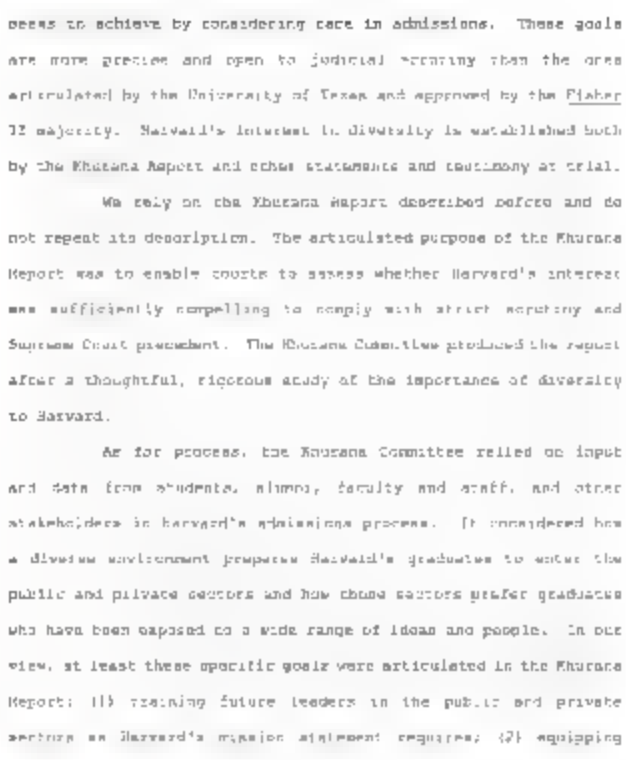
BREAKING: Victory at the 1st Circuit in the Harvard University affirmative action case! This is an important win that has implications for students across our nation's college and universities. All students benefit from a racially and ethnically diverse learning environment.



seeks to achieve by considering race in admissions. These goals are more precise and open to judicial scrutiny than the ones articulated by the University of Texas and approved by the Fisher II majority. Harvard's interest in diversity is established both by the Khurana Report and other statements and testimony at trial.

We rely on the Khurana Report described before and do not repeat its description. The articulated purpose of the Khurana Report was to enable courts to assess whether Harvard's interest was sufficiently compelling to comply with strict scrutiny and Supreme Court precedent. The Khurana Committee produced the report after a thoughtful, rigorous study of the importance of diversity to Harvard.

As for process, the Khurana Committee relied on input and data from students, alumni, faculty and staff, and other stakeholders in Harvard's admissions process. It considered how a diverse environment prepares Harvard's graduates to enter the public and private sectors and how those sectors prefer graduates who have been exposed to a wide range of ideas and people. In our view, at least these specific goals were articulated in the Khurana Report: (1) training future leaders in the public and private sectors as Harvard's mission statement requires; (2) equipping

The use of hackable voting machines instead of #handmarkedpaperballots threatens democracy.

We're challenging Georgia's use of outdated electronic voting machines that lack a paper trail. We are in court on 7/25 for a hearing that may determine if these machines are eliminated.

We write to follow up on our previous inquiries regarding the Department of Justice's ("DOJ") involvement with the Presidential Advisory Commission on Election Integrity ("the Commission").

We wrote again on September 26, regarding documents that showed DOJ leadership's apparent role in selecting the members of the Commission. We have not yet received responses to these letters.

Dear Senator-elect Tuberville,

As the focus of your senate campaign was promising to assist with the implementation of President Trump's agenda, I wish to note that Donald Trump will remain president for only about two weeks after you are sworn in.

Once he has left office and President-elect Joe Biden is sworn in, I'd like to request that you resign your senate seat, as your expressed purpose for seeking that office will have been rendered moot.

I feel that the people of Alabama would be much better served by an individual, Republican or Democrat, that focused on *their* interests, rather than that of an ex-president's.

Thank you for your time and consideration. I look forward to your retirement.

Thank you for clarifying. I'm constantly seeing talking heads stating that Trump has a "right" to keep filing baseless lawsuits and it got me to wondering if our legal system really does allow this. We are really accommodating Trump way too much.

Judges across the country are flatly rejecting and dismissing these desperate post-election lawsuits being filed by operatives. They are clogging the courts, baseless, and make a mockery of our justice system.

Donald J. Trump
@realDonaldTrump

Many of the court cases being filed all over the Country are not ours, but rather those of people that have seen horrible abuses. Our big cases showing the unconstitutionality of the 2020 Election, & the outrage of things that were done to change the outcome, will soon be filed!

Blacks, Latinx, Native American & Alaskan Natives continue to experience #COVID19 hospitalization rates at 4X that of whites. They are more likely in essential worker roles, food service industry or home health care, jobs that can't be done remotely & require public interaction.

> Americans of color, who have been hospitalized at rates roughly four times higher than non-Hispanic whites since the start of the epidemic.
>
> Hispanic or Latino people have been hospitalized at the highest rate, 4.2 times the rate of whites, with non-Hispanic American Indian or Alaska Native people hospitalized at 4.1 times the rate of whites and African-Americans at 3.9 times the rate of whites, according to figures from the Centers for Disease Control and Prevention. The figures were tabulated through the week ending Nov. 7.
>
> The higher hospitalization rates have been linked to higher positivity rates, as nonwhite Americans are more likely to be essential workers with jobs in the food service industry or home health care, which cannot be carried out remotely and require interacting with the public. These jobs often don't provide health insurance or paid time off, benefits that enable workers to stay home when sick.

What business does Lindsey Graham of South Carolina have trying to allegedly drive Georgia Secy of State to discard ballots of eligible voters?

Ethics inquiry must be opened immediately. DOJ/Barr should investigate asap. Chairmanship should be suspended pending outcome.

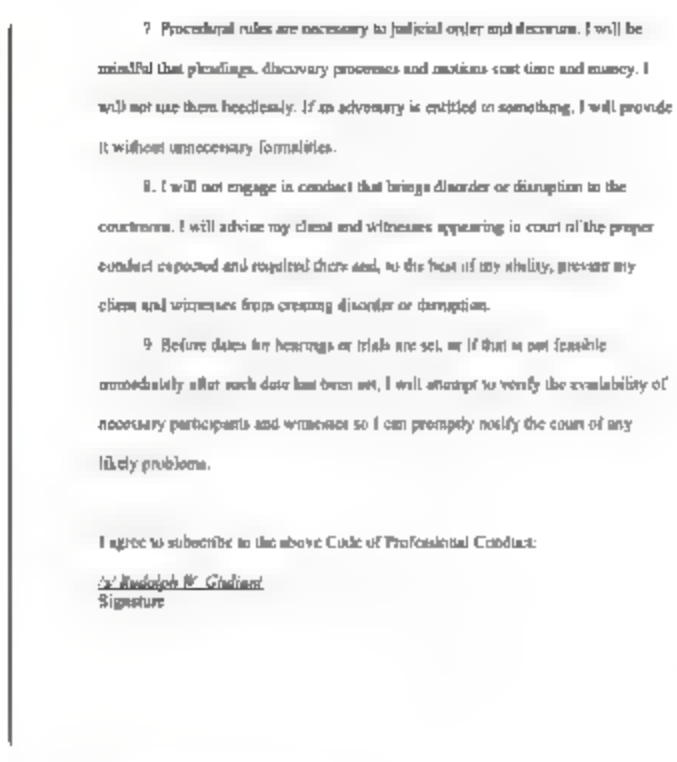
Rudy Giuliani's Notice of Appearance in Pennsylvania post-election lawsuit says he "will not engage in conduct that brings disorder or disruption to the courtroom."



7 Procedural rules are necessary to judicial order and decorum. I will be mindful that pleadings, discovery processes and motions cost time and money. I will not use them heedlessly. If an adversary is entitled to something, I will provide it without unnecessary formalities.

8. I will not engage in conduct that brings disorder or disruption to the courtroom. I will advise my client and witnesses appearing in court of the proper conduct expected and required there and, to the best of my ability, prevent my clients and witnesses from causing disorder or disruption.

9 Before dates for hearings or trials are set, or if that is not feasible immediately after such date has been set, I will attempt to verify the availability of necessary participants and witnesses so I can promptly notify the court of any likely problems.

I agree to subscribe to the above Code of Professional Conduct:

/s/ Randolph W. Giuliani

🚨Chaotic and disruptive are the only words to appropriately describe the array of desperate, last-ditched attempts to rewrite the outcome of the election.

Ultimately the will of the voters will prevail. And democracy works when we use our voices to speak truth to power.✊

Trump's post-election recounts in Michigan are focused on 2 counties (Milwaukee and Dane): areas home to the greatest numbers of Black voters.

The city of Milwaukee is about 39% Black.

> **Abby D. Phillip** @abbydphillip
> The Trump camp is seeking a recount of two of Wisconsin's most populous counties, Milwaukee and Dane, citing a slew of alleged issues with how absentee ballots were issued. Not clear how a recount would actually adjudicate those allegations or substantially change the results.

ALERT: The racism that infects our criminal justice system today starts with despicable individuals like Michael Selyem— the #2 at the San Bernardino DA's office who used racist, sexist and violent language making clear his animus towards African Americans. We are taking action.

Michael Selyem used racist, sexist and violent language directed at @RepMaxineWaters. He clearly harbors hostility towards Black people and women. What was happening to defendants of color on his watch while running the San Bernardino DA's Office?

In 1975, there were 303 Black students at #Stuyvesant, one of NYC's elite public schools. Look how the numbers have declined:

Arizona Secretary of State Katie Hobbs released this statement in response to ongoing and escalating threats of violence directed at her family and her office.

FOR IMMEDIATE RELEASE

KATIE HOBBS
SECRETARY OF STATE

Nov. 18, 2020

Secretary Hobbs: 'I was prepared for these threats of violence and vitriol'

Arizona Secretary of State Katie Hobbs released this statement in response to ongoing and escalating threats of violence directed at her family and her office:

"The truth is, I was prepared for these threats of violence and vitriol. I have been a social worker for many years and can anticipate this reaction when certain people feel powerless and angry. These actions are utterly abhorrent, especially when directed at my family and my staff. They are a symptom of a deeper problem in our state and country – the consistent and systematic undermining of trust in each other and our democratic process. Arizonans deserve to know that elections are safe and secure.

"This does not excuse the perpetrators. Their continued intimidation tactics will not prevent me from performing the duties I swore an oath to do. Our democracy is tested constantly, it continues to prevail, and it will not falter under my watch.

"But there are those, including the president, members of Congress and other elected officials, who are perpetuating misinformation and are encouraging others to distrust the election results in a manner that violates the oath of office they took. It is well past time that they stop. Their words and actions have consequences.

"Now, I am calling on other leaders in this state, including the governor whose deafening silence has contributed to the growing unrest, to stand up for the truth. When facing unimaginable challenges this election year, Arizonans stepped up. More people are registered to vote in our state than ever before, election participation has been at historic highs, thousands answered the call to work at voting locations during a pandemic, and people made their voices heard.

"This should be a time for thanking voters and election workers for their incredible commitment during unprecedented challenges. In that spirit, I offer my gratitude and express my admiration for the Arizonans who inspire trust in our democracy."

Trump and his allies are pursuing a chaotic, absurd and desperate strategy of filing cases in areas with large numbers of Black voters, dropping the suits, repackaging the claims and filing elsewhere. We are staying on top of these cases and intervening to protect Black voters.

There are 440 days until the #2020Election. We stand vigilant and will work to beat back all of these thinly veiled voter suppression schemes.

Read a copy of the @LawyersComm & @ACLUofGA notice letter to officials in Decatur, #Georgia here -->

> **Lawyers' Committee 866-OUR-VOTE** @LawyersComm
> The letter challenges the purges, which officials asserted was based on the assumption that the address is a "business," even though the Center's website states that people can stay there up to 7 days at a time, potentially at 30-day intervals....

Voter suppression has been alive and well across the US since the SCOTUS cut out the heart of the VRA 6 years ago in Shelby County v. Holder

Today, I will testify in Congress on the need to restore the VRA. #HR4

Restoring this bedrock civil rights law is critical to democracy.

The Supreme Court ruled in 1857 that Black people came from a "slave race" and could never be citizens. Comments such as this reveal how much that thinking still pervades. Let's be clear on what he is saying: Black votes are illegitimate in a democracy intended for white people.

The media has contributed to this narrative by the unrelenting focus on white, rural "heartland" voters as the embodiment of real Americans while never treating heavily Black "heartland" cities (or other parts of the country, period) as representative of the real America.

All are incredibly qualified. Garland comes with the bonus of stepping away from a lifetime appointment to do the job, signaling real commitment to restoring DOJ. But he creates a vacancy on the DC Circuit too, and if Dems lose Georgia seats that would be a headache.

Yates is a great nominee: sharp as a tack, familiar with intricacies of Russia investigations, native Georgian and UGA grad. But Republicans may give her a hard time on Flynn and other Russia issues, and Biden may want to avoid hearings dominated by those questions.

Judge Grimberg issued a strong 38 page written decision backing up his ruling from the bench on Thursday in Lin Wood's baseless lawsuit that sought to block certification of Georgia election results.

Sharing some highlights, including Grimberg noting shoddy legal work.

III. Balance of the Equities and Public Interest

The Court finds that the threatened injury to Defendants as state officials and the public at large far outweigh any minimal burden on Wood. To reiterate, Wood seeks an extraordinary remedy: to prevent Georgia's certification of the votes cast in the General Election, that millions of people had lawfully cast their ballots. To interfere with the result of an election that has already concluded would be unprecedented and harm the public in countless ways. *See Ga. Voter Legislative Educ. Project*, 344 F.3d at 918; *Arkansas United*, 2020 WL 6572651, at *5. Granting injunctive relief here would breed confusion, undermine the public's trust in the election, and potentially disenfranchise of over one million Georgia voters. Viewed in comparison to the lack of any demonstrable harm to Wood, this Court finds no basis in fact or in law to grant him the relief he seeks.

IV. CONCLUSION

Wood's motion for temporary restraining order [ECF 6] is DENIED.

SO ORDERED this the 20th day of November 2020.

v. Lack of Relevant Authorities

Finally, the Court notes the futility of Wood's standing argument is particularly evident in that his sole relied-on authority—*Mark v. Metropolitan Dade County, Florida*, 955 F.2d 1471 (11th Cir. 1992)—is no longer good law. The Eleventh

Case 1:20-cv-04651-SDG Document 84 Filed 11/20/20 Page 10 of 38

Circuit expressly abrogated its holding in that case over thirteen years ago. *Dillard*, 495 F.3d at 1331–32 ("We subsequently upheld *Mark*'s reasoning against repeated challenges that it was wrongly decided in light of the Supreme Court's later decisions . . . [b]ut it is clear that we can no longer do so in light of the Supreme Court's most recent pronouncement on voter standing in *Lance*").

🚨BREAKING: Trump v Boockvar REJECTED. Major loss for Trump and his lawyer Rudolph Giuliani. And major victory for voters! Judge Brann notes that granting relief would have meant invalidating the ballots of every person who voted in Pennsylvania.

This Court has been unable to find any case in which a plaintiff has sought such a drastic remedy in the contest of an election, in terms of the sheer volume of votes asked to be invalidated. One might expect that when seeking such a startling outcome, a plaintiff would come formidably armed with compelling legal arguments and factual proof of rampant corruption, such that this Court would have no option but to regrettably grant the proposed injunctive relief despite the impact it would have on such a large group of citizens.

This should be the nail in the coffin on President Trump's exploitation of our federal courts to rewrite the election outcome.

In the end, the rule of law prevails and the rights of voters are protected. These are hallmarks of American democracy.

Judge Brann who issued today's stinging decision in Trump v Boockvar is a member of the Federalist Society who was nominated by Obama. Brann stands as a reminder of the bi-partisan approach that USED to exist on judicial nominations before Mitch McConnell hijacked the process.

The lawyer turnover on Trump's PA case was CHAOTIC. Porter Wright lawyers drop off. Then 2 Texas lawyers John Scott & Douglas Hughes join original attorney Linda Kerns. 3 days later, ALL 3 tried to drop off but Judge Brann insists Kerns stay. Then Scaringi and Giuliani show up.

along with Mr. Scott and Mr. Hughes, requested this Court's permission to withdraw from the litigation. I granted the motions of the Texan attorneys because they had been involved with the case for approximately seventy-two hours. Because oral argument was scheduled for the following day, however, and because Ms. Kerns had been one of the original attorneys in this litigation, I denied her request. I believed it best to have some semblance of consistency in counsel ahead of the oral argument. That evening, attorney Marc A. Scaringi entered an appearance on behalf of Plaintiffs. Furthermore, Mr. Scaringi asked the Court to postpone the previously-scheduled oral argument and evidentiary hearing. The Court denied Mr. Scaringi's motion for a continuance; given the emergency nature of this proceeding, and the looming deadline for Pennsylvania counties to certify their election results, postponing those proceedings seemed imprudent.

On November 17, 2020, the Court prepared to address the parties in oral argument. That morning, attorney Rudolph W. Giuliani entered his appearance on behalf of Plaintiffs. With this last-minute appearance, Plaintiffs had made their final addition to their representation.[35] At the conclusion of the argument, I determined that an evidentiary hearing (previously scheduled to take place on November 19, 2020) was no longer needed and cancelled that proceeding. Instead,
